Dear Mr Bartosik,

On behalf of the teaching staff and on my own behalf I would like to express my sincere gratitude for your responsiveness to accept teachers from William Gladstone 18th school.

William Gladstone 18th School is the largest institution of secondary education in Bulgaria with 2293 students in all. Ours is a mainstream school where students study from first to twelfth grade. 735 children study in the basic stage (1st to 4th grade) .

Our students study European languages (English, French, German, Spanish and Russian) and Eastern languages (Japanese, Korean, Chinese and Arabic). We are working with programs approved by the Minister of Education. William Gladstone 18th School is innovative, both in terms of curricula and organization. It has been included in the network of South Korea's schools abroad and receives additional funding.

The purpose of the visit of our teachers from the basic stage will be to get acquainted with the organization and activities in your school and to attend a few classes at your choice.

We would like to inform you that the most convenient period for us will be 25.05.2015 - 05.06.2015. We do really hope it will be convenient for you, too. The teachers who will participate in the project are:
